BSc (Hons) in Information Technology

SLIIT

Aug 2024 – Present (Malabe)

Advanced Level Examination (2021)

Jaffna Hindu College

Maths stream – B2C (Z: 1.2561)

[PROJECTS](#)

Bike Rental and Sharing platform

- A Spring Boot-based web application designed to streamline bike rentals and sharing.
- The platform includes admin, user, driver, and bike management, along with rental requests, ride management, and feedback systems. The frontend was built with HTML, CSS, and JavaScript, while the backend leveraged Spring Boot for robust functionality.
